# CLOTHING MANUFACTURING

## QUESTIONS ABOUT YOUR ORDER

Thank you for choosing Gorilla Sports Pty Ltd as your supplier of licensed Soccer Clothing. It is very important that you take the time to read the following information about your order so that you can remain informed regarding delivery.

Please note the following 'approximate' delivery times for your orders: (OFF THE SHELF STOCK ONLY)

	EX BRISBANE	INTERSTATE	OVERSEAS
Plain (no logos / numbers etc)	Approx 1-2 weeks	Approx 2 weeks	Approx 4 - 8 weeks
With numbers applied	Approx 2-3 weeks	Approx 3 weeks	Approx 5 - 9 weeks
With logos *	Approx 3-4 weeks	Approx 4 weeks	Approx 6 - 10 weeks

\* Logos either Thermo film / Embroidered / Screen printed

## WHEN WILL THE PRODUCTION OF YOUR ORDER COMMENCE?

Your order will commence production upon receipt of the following:

1. An official signed copy of your correct & final order.
2. A 50% deposit of the total amount of your order or full payment if you are a pre paid customer. (Socks + Special Make Up Balls 25% deposit.)
3. Clear precise copies of all logos required (upon logo confirmation).

## WHAT WILL DELAY YOUR ORDERS?

### HOLIDAYS (CHRISTMAS, EASTER, PUBLIC ETC)

Extended holidays such as Christmas or Easter will effect normal delivery times stated above. Some suppliers close their factories up to 4 weeks during these holidays. We will inform you of any such closures as they come about, however it is important to be aware of lengthy delays around these times.

### CHINESE NEW YEAR

Any overseas orders placed with overseas suppliers will be affected in late January, the whole of February and early March. Chinese factories shut down for the whole month of February. This can add 4 weeks to your delivery. (ie if you order 1st January - delivery will more often than not be end of March or April (approx.) due to these closures.) Closures also apply in October.

### OUT OF STOCKS

Gorilla Sports Pty Ltd may have lines / items out of stock from time to time. We will endeavour to keep you informed if this is the case for your order.

### TRANSPORT

Whilst we endeavour to have your order sent to you ASAP, some external factors are beyond our control such as transport times and deliveries etc.

## DELIVERY TIMES

We are strongly focused on customer service. Part of our customer service is to always be honest and never mislead our customers. This is why we will always provide you with 'approximate delivery' times. For example approx 4 - 8 weeks delivery could be 3 weeks, 8 weeks or 12 weeks & so on. Manufacturing can also provide unexpected delays, from machinery breakdowns to staff illnesses or transport issues. If or when these problems occur, it can result in your order being delayed so it is extremely important that you are aware that although it is regrettable, these circumstances are beyond Gorilla Sports Pty Ltd control. Nothing in manufacturing can be guaranteed!!! Well almost nothing... we can guarantee honesty & hard work, we will always do our best for our customers & promise to keep you informed with regular communication of your order status at all times.

## SOCKS

We use two different hosiery mills to try our best to meet demand. We use an Australian mill for our traditional original quality wool blend foot and an overseas mill for our first rate European style sock. We endeavour to supply colours that match as close as possible, but cannot always do so. Small over-runs can also occur and will be invoiced accordingly. We have order forms for each individual style please refer to the price list .

## COLOURS + FABRICS

Each year we endeavour to source the same colours for our range of shirts / shorts etc, but please be aware that due to different dye batches, this cannot always be guaranteed. If you wish to add an extra colour to any of our designs please add \$2.75 incl GST per colour per garment to the cost. It is our intention to maintain firm prices. However due to circumstances beyond our control, alterations to some prices become necessary without notice.

## PRICING

An airfreight charge of \$3.00 incl GST per garment under 100 pieces and \$2.75 incl GST per garment over 100 pieces is applicable on any stock ordered from overseas. Embroidery surcharges may occur on small quantities.

## MINIMUMS

A minimum of 50 pieces per order of either shirts or shorts and a minimum of 10 pieces per size is required. Any orders under 50 pieces will incur a surcharge of an extra \$2.20 incl GST per garment. Lesser quantities may be charged at sample price at Manufacturers discretion.

## ADDITIONALS

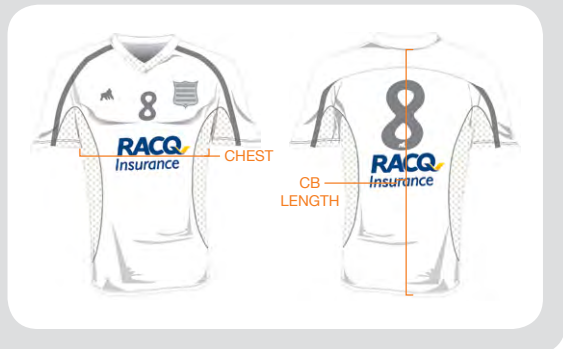

Extras such as thermo film logo's, numbers, embroidery and screen printing are to be quoted from your sales representative. Also if you wish to add long sleeves, collars, pockets etc to your special make up order these will also need to be quoted.

**100% GUARANTEE ON ALL GORILLA PRODUCTS WITH REGARDS TO MANUFACTURING FAULTS.**

# SIZE CHARTS

## SHIRTS - SLIM FIT

	XYS	YS	YM	YL	S	M	L	XL	2X	3XL	4XL

	XYS	YS	Y	YL	S	M	L	XL	2XL	3XL	4XL	
Chest (Half)	42	46	50	54	56	58	60	62	64	66	68	2cm under arm pits
Centre back Length	60	64	68	72	74	76	78	80	82	84	86	From centre back to hem

UNIT : CM  
 ±1-2 CM DEVIATION IS ALLOWED  
 MEASUREMENTS FOR BOTH MEN + LADIES.  
 THESE MEASUREMENTS ARE USED FOR SMU SETS AND POLO'S.

# WASHING INSTRUCTIONS

## GENERAL INSTRUCTIONS

- + Gentle cold machine / hand wash
- + Wash coloured garments separately
- + Mild detergent (no bleach based detergents)
- + Do not soak
- + Line dry in the shade – no dryers (commercial or home dryers not recommended)
- + Do not iron

Excess dye is often released in the first wash or two (especially with strong colours such as red & maroon). This does not mean the colour is fading or faulty, it is simply excess dye & may need to be washed separately a couple of times to be completely removed.

## GARMENTS WITH LOGOS + NUMBERS

- + Instructions as above, take special notice of detergent base used + drying instructions. Prolonged exposure to heat (dryers, irons etc) will dramatically shorten the life of logos & numbers, causing them to crack, peel + stick together.
- + Use of bleach based detergents can cause the logos to fade & should be avoided.
- + Do not dry clean.

## TREATMENT OF FABRICS

- + Some degree of 'pilling' is expected under normal use of our garments, however excessive rubbing against rough surfaces will cause extensive pulling & pilling. Therefore rough surfaces should be avoided to prolong life of garments.

## SOCK CARE

- + Water temperature not above 30°
- + No bleaching
- + No ironing
- + No dry cleaning solvents
- + Do not tumble dry
- + Avoid direct sunlight
- + Fabric softener optional

**AVOID WASHING ALL GARMENTS WITH OTHER GARMENTS SUCH AS JEANS WITH ZIPS etc TO PREVENT PULLING OF FABRICS & YARNS.**

**APOGEE TROPHIES**
